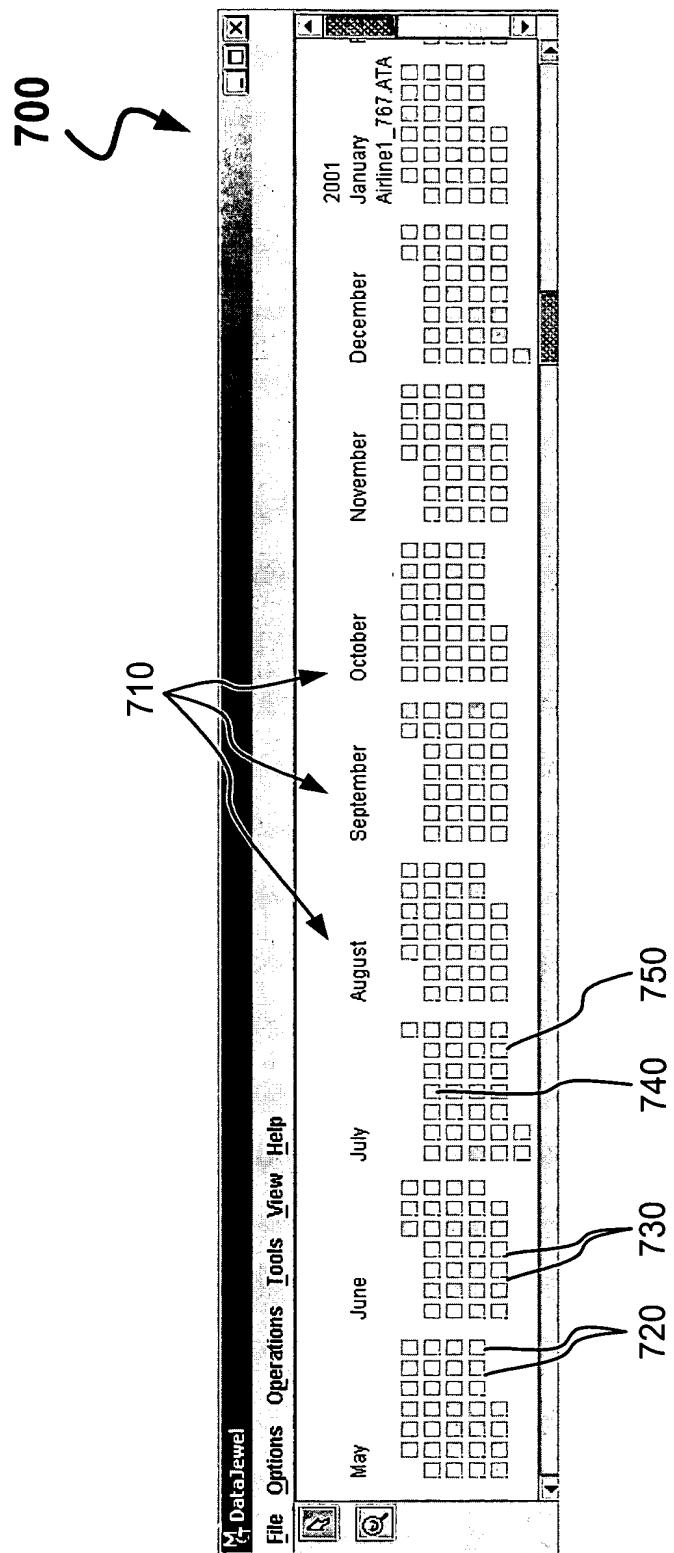

Fig. 7

The diagram illustrates a process flow. At the top, a table displays event data. Below the table, a large downward-pointing arrow indicates a transition to a visualization component. The visualization consists of a rectangular frame divided into four quadrants. The top-left quadrant contains a diagonal hatching pattern, the top-right is white, the bottom-left is black, and the bottom-right is a vertical grid hatching pattern. Curved arrows labeled 260, 270, 280, and 290 point from the table rows to the respective quadrants. A curved arrow labeled 230 points from the right side of the table to the right side of the visualization frame. A large downward-pointing arrow labeled 882 points from the table to the visualization. A curved arrow labeled 850 points from the top of the visualization frame to its center. Curved arrows labeled 860, 886, 888, and 884 point from the right side of the visualization frame to its right edge.
